## Heritage Insurance Holdings, Inc. Reports Financial Results for Second Quarter of 2018

CLEARWATER, Fla., Aug. 2, 2018 /PRNewswire/ -- Heritage Insurance Holdings, Inc. (NYSE: HRTG) ("Heritage" or the "Company"), a property and casualty insurance holding company, today reported its financial results for the fiscal quarter ended June 30, 2018.

#### Second Ouarter Highlights

- · Continued top line growth even with continued exposure and underwriting management
- Premiums in force increase of 54% to \$930.5 million at June 30, 2018 compared to \$604.2 million at June 30, 2017 Gross Premiums written increased 66% from 2Q 2017
- Tri-County TIV reduction of 17.3% at June 30, 2018 from June 30, 2017
- Q2 2018 net income of \$2.4 million
- Board of Directors declared a second quarter dividend of \$0.06 per share
- \$1.6 million of dividends paid in Q2 2018 Book value per share increase of 15.5% from June 30, 2017 to \$14.98 as of June 30, 2018 \$386.1 million of stockholders' equity at June 30, 2018
- Earnings per share for the second quarter of \$0.09

Bruce Lucas, the Company's Chairman and CEO, said, "The second quarter was a challenging weather quarter. In the second quarter we incurred approximately \$14 million in non-hurricane weather losses and strengthened non-weather related loss reserves. These actions drove the miss against consensus estimates. Despite these weather events and reserve strengthening, I am pleased with the progress that we continue to make and believe that we are well-positioned for future growth and profitability. Voluntary sales and top-line growth continue to trend substantially higher year-over-year. We are continuing to diversify away from Florida, with virtually all of our growth coming from other states. Within Florida we continue to diversify away from fraud prone areas in the Tri-County and reduced our TIV in that region by 17.3% year-over-year. As a result, our open claims related to the Tri-County are at the lowest levels in three years and we continue to see a downward trend in new claims and lawsuits from that region. Similarly, the number of litigated claims continues to decline and current open litigated claims are nearly half of the 2Q 2017 inventory. Our diversification away from Tri-County will help to reduce fraud, earnings volatility, and reinsurance pricing.

## **Results of Operations**

The following table summarizes our results of operations for the three and six months ended June 30, 2018 and 2017 (in thousands, except percentages and per share amounts):

## Ratios

Ceded premium ratio. Our ceded premium ratio represents ceded premiums as a percentage of gross premiums earned.

Gross loss ratio. Our gross loss ratio represents losses and loss adjustment expenses net of reinsurance recoveries as a percentage of gross premiums earned.

Net loss ratio. Our net loss ratio represents losses and loss adjustment expenses as a percentage of net premiums earned.

Gross expense ratio. Our gross expense ratio represents policy acquisition costs and general and administrative expenses as a percentage of gross premiums earned. Ceding commission income is reported as a reduction of policy acquisition costs.

Net expense ratio. Our net expense ratio represents policy acquisition costs plus general and administrative expenses as a percentage of net premiums earned. Ceding commission income is reported as a reduction of policy acquisition and general and administrative costs.

Combined ratios. Our combined ratio on a gross basis represents the sum of ceded premiums, losses and loss adjustment expenses, policy acquisition costs and general and administrative expenses as a percentage of gross premiums earned. Our combined ratio on a net basis represents the sum of losses and loss adjustment expenses, policy acquisition costs and general and administrative expenses as a percentage of net premiums earned.

The combined ratio is the key measure of underwriting performance traditionally used in the property and casualty industry. A combined ratio under 100% generally reflects profitable underwriting results.

## **Ouarterly Financial Results**

Net income for the second quarter of 2018 was \$2.4 million compared to \$6.6 million for the second quarter of 2017. The decrease is attributable to a challenging quarter for Heritage P&C, which included higher than expected non catastrophe weather losses. Inclusion of net income from Narragansett Bay Insurance Company ("NBIC"), which we acquired on November 30, 2017, served to offset a portion of those losses.

Gross premiums written were \$263.7 million for the second quarter of 2018 compared to \$159.3 million for the second quarter of 2017. The increase is due to inclusion of NBIC premiums of \$89.6 million as well as an increase in gross premium written by the legacy Heritage insurers of approximately \$14.8 million.

Gross premiums earned were \$231.0 million for the second quarter of 2018 compared to \$152.4 million for the second quarter of 2017. This increase was primarily

driven by the inclusion of NBIC gross premiums earned, partially offset by a reduction of gross premium earned by Heritage P&C due to selective underwriting and exposure management aimed mostly in the Tri-County area to improve Florida underwriting results.

Ceded premiums as a percentage of gross premiums earned were 51.9% for the second quarter of 2018 compared to 40.6% for the second quarter of 2017. The increase is a result of the quota share reinsurance agreements that NBIC has in place. Excluding the results of NBIC, the Company's ceded premium ratio would have been 37.1% for the second quarter of 2018. The decrease reflects the anticipated reinsurance synergies from the diversified portfolio inclusive of Heritage P&C, Zephyr, and NBIC.

The loss ratio on a net basis was 59.3% for the second quarter of 2018 compared to 50.9% for the second quarter of 2017. The increase in the net loss ratio was largely driven by weather losses and reserve strengthening at Heritage P&C. The impact of these two items impacted the loss ratio for the quarter by over 14 points, which was partially mitigated by profitability arising from utilization of our vertically integrated affiliate, Contractors Alliance Network.

The Company's expense ratio on a net basis was 39.4% for the second quarter of 2018 compared to 41.8% for the second quarter of 2017. The expense ratio in the second quarter of 2018 benefited from ceding commission income earned by NBIC. We have included NBIC's second quarter ceding commission earned of approximately \$17.9 million from its quota share agreements as a reduction to policy acquisition costs and general and administrative expenses in the Condensed Consolidated Statements of Operations and Other Comprehensive Income. The net operating expense ratio for the legacy consolidated Heritage entities increased primarily from infrastructure growth and costs associated with systems and operational integration related to the NBIC acquisition.

The combined ratio on a net basis increased to 98.7% for the three months ended June 30, 2018 compared to 92.7% for the three months ended June 30, 2017. The combined ratio on a net basis increased primarily due to the higher ceded premium and net loss ratio as described above, partially offset by ceding commission income earned on the quota share reinsurance treaties.

The combined ratio on a gross basis increased to 99.5% for the three months ended June 30, 2018 compared to 95.7% for the three months ended June 30, 2017. The increase in the combined ratio on a gross basis relates primarily to the higher ceded premium ratio described above coupled with a higher loss ratio at the consolidated legacy Heritage entities, partially offset by ceding commission income earned on the quota share reinsurance treaties.

### **Book Value Analysis**

Book value per share increased 15.5% to \$14.98 at June 30, 2018 compared to \$12.97 at June 30, 2017.
